

# HelloWorld

(Digital, Social, Mobile Marketing)

## LOCATION

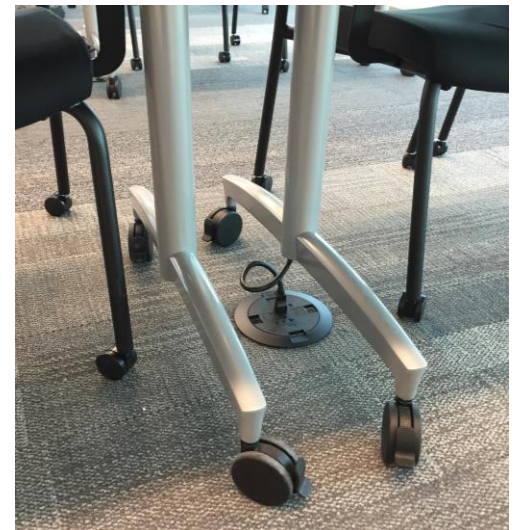

Headquarters  
Detroit, MI

## DESIGN FIRM

Harley Ellis Devereaux

HelloWorld wanted an aesthetically current, relevant open plan solution which provided concealed power / data distribution, relevant materials and easy height adjustability at a very aggressive price point. Enwork Studio customized a variety of products to provide solutions for conference rooms, training rooms, huddle rooms, media-sharing rooms, private offices and open plan benching spaces. HelloWorld and Harley Ellis Devereaux appreciated Enwork's ability to customize shapes, sizes, and materials while providing visual continuity for all products.

## PRODUCT MIX

- Sensation flip top training tables
  - custom single circuit non-sequential daisy chained power with concealed wire management
- Grid XTB
  - crank height-adjustable inline benching
- Statement Conference Tables
  - Material: Exposed Baltic Birch Ply
