

# PowerEdge™

Rectangle Conference Tops w/ Under Worksurface Power

PowerEdge tops keep worksurfaces clean and uncluttered, maximizing function without compromising aesthetics. The ¾" top reveal creates a sleek appearance while the recessed undersurface steel rail mounted apron means user access to power is always close at hand.

PowerEdge puts an end to bulky power data assemblies and unsightly routing holes.

- Available as rectangle conference tops 42" x 72" to 60" x 240"
- Choose from 16 standard laminates for ¾" top finish
- Power apron is recessed 2" from user edge
- Each top includes 4, 6, or 8 power data units, depending on size
- PowerEdge units available as:
  - 2 power, 1 power and 1 stacked charging USB, or 1 power and 1 data opening
- Provides two 15amp circuits. Hardwire and 20amp options available
- Available in 5 standard paints
