Protected by US Patent No. 9,612,006

LED Conference Table Tops

Luminesse makes a bold and contemporary statement. Its energy envelops your space with a warm ambiance. The glow and fine detailing of the LED light band signal importance and confidence. Luminesse expresses a modern aesthetic without distraction.

- Diffused .5" LED light band embedded in the edge of the 1.5" thick top creates a warm, sophisticated ambiance
- Conference tops available in laminate and a variety of rectangular sizes
- Access to LED parts for ease of future maintenance
- Pair with any conference base
 - Coordinating Stealth base with Luminesse LED option available
