

Solano[™] Fast Crank

Freestanding Crank Height-Adjustable Base

The Solano* Fast Crank height-adjustable table base integrates the finesse of crank adjustment with the speed of an electric base.

- Adjusts 2 turns per inch
- Sit/stand adjustment range of 26" - 44" (including worksurface)
- Square tube design with low profile Solano feet on levelers
- 110 lbs load capacity with no impact on crank effort, 210 lbs when static (load capacity includes worksurface)
- Adjustable cross bars fit 48"-72" widths
- Fits 24" and 30"D rectangle worksurfaces
- 1.5" Caster kit available (Adjustment range 27.5"- 45.5")
- Silver, black, and arctic white paint are standard. Additional colors available with extended lead times

* Formerly Captiva.
